State Street Brats is pleased to offer gluten free options. We are not a gluten free restaurant and cannot ensure that cross contamination will never occur. We have processes in place to minimize that happening, but there is a great deal of gluten in the air and on our work surfaces, all sandwiches must be prepared on the same grill. If you are Celiac and/or highly sensitive, please advise the person taking your order and know that we will do our best, but cannot guarantee your order will not touch gluten somewhere in the process.
